

## 2020 Schedule

This year, both classes and exhibitors will be streamed live online. Access to the conference's CEU classes, each worth one CEU/PDA for a total of 4 CEUs per day, will be available at a flat rate of \$100 per day. Exhibitor streams will be open to all: an exhibitor will present between each morning lecture, including special offers for attendees, and during the afternoon, exhibitors will hold multiple concurrent Zoom rooms that you can choose to access.

Please note that all times on the schedule are in Pacific Time. We are working on a brand new registration platform, which will be available in mid-July. Stay tuned as we work on all the course descriptions and exhibitor line-up!

### Thursday Oct. 29, 2020
